SPECIAL EDITION

* JANANI VIDYA MANDIRA *

OUR LITTLE JVM EXPLORERS 2026

Welcome to our first Kindergarten Newsletter! We are so happy to have you join our school family. The first day of school is a special and memorable occasion for children, teachers and parents. It marks the beginning of a new academic year filled with learning, growth, friendship and new experiences. Here is a glimpse of our JANANI champs coming to school on 1 June 2026. Let's get ready for a wonderful adventure together!

Early childhood days are precious and play a vital role in shaping a child's personality, values and overall development.

At the early childhood, children learn through play, exploration, observation and interaction with others. They develop language, thinking, social, emotional and physical skills through meaningful experiences in a safe and nurturing environment.

Janani Vidya Mandira school is a well-designed curriculum that helps children become confident, curious and lifelong learners. We make learning enjoyable and meaningful.

We know that early years is a very important stage of development, as research clearly states that 85% of children's brain development happens from birth to six years. We are guided by five fundamental principles in our early years practice, these are:

1. **Every child is unique and develop at their own pace.**
2. **Holistic development includes physical, cognitive, social, emotional and language growth.**
3. **Learning occurs through active exploration and experiences.**
4. **Learning should be joyful, engaging and stress-free.**
5. **Continuous observation and assessment guide children's learning progress.**

Message from the Janani Family

Together, let us continue to inspire, encourage, and empower every learner to dream big, work hard, and become responsible citizens of tomorrow.

HIGHLIGHTS OF CELEBRATIONS 2026-27

World Environment Day for Young Children

PRE-NURSERY STUDENTS CELEBRATED GREEN COLOUR DAY

JVM made our Kindergarteners eco-conscious citizens. The activities conducted on the day helped the students to learn how to reduce, reuse and recycle.

World Environment Day is celebrated on June 5 every year and it was instituted by the United Nations to stimulate worldwide awareness of the environment - A day to promote caring for our planet, Earth.

<u>World Environment Day</u> is celebrated around the world with street rallies, bicycle parades, green concerts, essay and poster competitions in schools, tree planting, recycling efforts, clean-up campaigns and much more.

We want the world to be safe, clean and beautiful for you as you grow up, and we want our children to have a beautiful world to live in. For that to happen we have to work together to take care of our planet Earth.

Kiddos of Pre-Nursery celebrated Green Colour Day on 5 June 2026. All tiny tots had dressed up beautifully in Green colour clothes. The classes were decorated in green colour cut outs like trees, leaves, Mother Earth and crafts work. Teachers also joined the celebration dressed up in green. The children were excited and happy seeing the campus green. The celebrations continued next day also, where in the children enjoyed by doing activities. All the students were elated. A lovely day passed by getting introduced to the colour of loving the beauty of nature.

Parent ORIENTATION

"A PARENT IS A TEACHER AT HOME AND A TEACHER IS A PARENT IN SCHOOL AND THE CHILD IS THE CENTRE OF OUR UNIVERSE."

On 30 May 2026, an orientation programme was conducted for the parents of all the nursery classes. It was an opportunity for the parents to know about the activities of the school and to create a bond with the teachers as the school is a home away from home for their wards. The parents were briefed about the rules and regulations of the school. Later, respective class teachers gave an overview of the various subjects and the activities which would be undertaken in the year ahead.The co- scholastic activities were discussed that gave the parents an idea of the curriculum which is self-directed with hands-on learning activities that not only give our students a medium to fully utilize their creative talents and energy, but also help them in their all-round development.

All the teachers guided the parents on how to nurture their children by not only focusing on academics but also on learning important skills to succeed in life. The collaborative effort of the school and home, parents, and teachers will definitely help the child in becoming a confident adult.

AKSHARABHYASAM 2026

"EVERY CHILD IS UNIQUE AND THEY LEARN AND DEVELOP AT DIFFERENT RATES AND IN DIFFERENT WAYS".

Aksharabhyasam was conducted on 13 June, 2026 for the Pre-KG , LKG and New students from all grades. This was an auspicious day for Nursery tiny tots where they took their first step into the world of knowledge. The event was solemnized with a special puja to Goddess Saraswathi and Lord Vinayaka.

The commencement of education is an important milestone in every child's life. So it only makes sense to start this journey on an auspicious note.

In traditional Hindu custom, Aksharabhyasam is the ceremonial induction of a child into the world of education. The word itself is an amalgamation of two terms: Akshara, which means letters or alphabet, Abhyasam, means practice or study.

An inherent part of Indian culture and education, this ceremony denotes Vidyarambham, which basically translates to initiation of education. The whole purpose of this ceremony is to seek the Blessings of God, to make our children successful in their academic journey.

YOGA DAY CELEBRATION

"YOGA BRINGS THE KNOWLEDGE, PASSION AND ACTION TOGETHER"

Janani Kindergarten celebrated Yoga Day with great enthusiasm on 21 June, 2026. The event introduced children to the benefits of yoga through fun and engaging activities. Kids participated in various yoga poses, breathing exercises, and mindfulness practices, promoting physical fitness and mental well-being.

International Yoga Day celebration aimed to instil healthy habits, aligning with the Janani kindergarten commitment to holistic education, nurturing well-rounded individuals and promoting a positive school culture. By integrating yoga into their curriculum, they are empowering their students to develop essential life skills such as self-awareness, relaxation techniques, and physical fitness to young learners.

LEGACY OF LEADERSHIP

We were filled with pride and gratitude as we celebrated Founder's Day at Janani Vidya Mandira, a special day to honour the visionary who laid the foundation for our prestigious school.

Founders day is a celebration of our roots, our values and our shared commitment to excellence. As we honor the vision of our founder, let us continue to learn with curiosity, lead with integrity and serve with compassion.

Our little learners took part in the occasion with joy and enthusiasm. The day included:

- **Songs sung by the teachers to express their happiness and thanks.**
- **A Speech of Gratitude by students**
- **Dance performance by high school students.**

The event was a gentle way to teach our young ones about respect, gratitude, and the importance of remembering those who help shape our lives and community.

We thank our management for being a part of this wonderful journey and for supporting our mission to create a happy, safe, and inspiring world for every child.

COLOURING COMPETITION 2026-27

A Colouring Competition is a fun and creative activity that encourages young children to express their imagination through colours. It helps develop fine motor skills, hand-eye coordination, creativity, concentration and confidence while making learning enjoyable.

We had conducted for all little learners to nurture creativity and improve fine motor skills.

These Competition emphasized participation, creativity, neatness and the effective use of colours rather than perfection. Every child was appreciated for their effort, enthusiasm and unique expression.

Such competitions build confidence by giving every child an opportunity to participate and showcase their talents. They encourage patience, focus and a sense of achievement. Most importantly, colouring activities make learning enjoyable and foster a love for art from an early age, contributing to the overall development of young learners.

🌸 BLOOMING BIRDS – Our Little Stars! 🐦✨
Tiny hearts, curious minds, and endless smiles! 💕 Our Grade PreKG – Blooming Birds are ready to spread their wings, learn, explore, and grow together. 🌈📚🌼

✨ BLUEBERRY BUDDIES – Growing, Learning & Blooming Together! 🫐🌱💙

shine bright with joy, curiosity, and endless smiles! 🌈📚💖
🌟 Small steps today, bright futures tomorrow!
🌸 Learn • Grow • Shine Together 🌸

Teacher's Quote

"A great teacher inspires curiosity, ignites imagination, and nurtures a lifelong love for learning."

CONCLUSION

Once again, the Janani family wishes to thank our dynamic parents for their unalloyed support in the first half of this term. Let it be boldly said that the management is ever open to constructive ideas and suggestions that will make Janani Vidya Mandira a much better place for learning and accomplishments.

A closing note:

"Together, we learn, grow, and inspire one another. Thank you for being a cherished part of the Janani Vidya Mandira family. We look forward to your continued support and partnership in nurturing our children's future."
